We sing..

And He made them all

Everyone of them He created
Every noise they make He invented
Every size and shape,
when they sleep and wake
God made them all

Bridge

Good, strong, loving, kind,
light, the love i'll always find
Hope, help, hero, king; stronger than anything
Wise, bright, perfect sight;
closest friend, and highest height
The first, last, middle, end;
Your size I cannot comprehend

And best of all You set me free,
when on the cross You died for me
You're everthing in life to me
And that is why i'll always sing
You're good, good, good, good, good, good, good, good, good.
Good,good, good, good, good, good, good, good, good!

Chorus:

Our God is a great big God
Our God is a great big God
Our God is a great big God
And he holds us in his hands

Verse:

He's higher than a skyscraper
He's deeper than a submarine
He's wider than the universe
And beyond my wildest dreams

He's known me and he's loved me
Since before the world began
How wonderful to be a part of
God's amazing plan
